

DEATH SENTENCE FOR
NORTHOFT

Riverside, Cal., Feb. 8.—A jury which had been deliberating the fate of Gordon Stewart Northcott, charged with the killing of three youths at his Winerville ranch, returned a verdict of murder in first degree last night after it had been out three hours. The verdict carried the death penalty.

To Enter Appeal

Riverside, Cal., Feb. 8.—Guards of Gordon Stewart Northcott's cell reported today that the 22-year-old youth convicted of murdering three boys, had repeated previous statements that 11 persons had been slain at his chicken ranch. The guards said Northcott again implicated Sanford Clark, his 15-year-old nephew, and Cyrus Northcott, his father, in the alleged slayings. "I killed six and Sanford and dad killed the other five," the guards quoted Northcott as having said. He made the same statement after his arrest but later repudiated it, according to county officers.

Northcott, who will be sentenced Monday, announced he would make an appeal.

THAT'S WHY

"That big car of Brown's sure kids up a lot of dust." "No wonder, it's dragging a mortgage on a quarter section of land."—Capper's Weekly.

BUDGET FOR PROVINCE OF
ALBERTA SHOWS 1929 EXPENDITURE ESTIMATED AT \$15,065,907 AND INCOME IS PLACED AT \$15,111,083

Edmonton, Feb. 8.—The salient points in the budget may be summarized as follows:

The provincial government surplus for the 15 months ended March 31, 1928, amounted to \$279,763.13 against an estimated surplus for the period of \$46,880.42 or an increase of \$232,873.71.

Revenue for the 15 months amounted to \$16,149,895.64 while expenditure totaled \$15,870,132.55. Revenue exceeded the estimates by \$400,488.04 and expenditure was \$257,614.33 in excess of the estimate.

Liquor profits for the period were increased by \$392,009.00.

Average license revenue showed an increase of \$336,614.07 over the previous period due to increased collections from automobile licenses. The net bonded debt of the province up to March 31, 1928, was \$74,741,931.29, the general revenue portion being \$65,845,842.42 and the telephone account \$21,896,088.27. A net increase in the bonded debt of the province of \$5,659,000 up to December 31, 1928, was shown.

Estimated revenue and expenditure for 1929 and 1930 fiscal year includes the following outstanding items, a total estimated revenue of the fiscal year of \$15,111,083.47 an estimated expenditure of \$15,065,907.52 and an estimated surplus for the fiscal year of \$45,175.95.

Edmonton, Feb. 8.—An estimated revenue of \$1,800,000 from the increase in the gasoline tax from three to five cents after taking into account the refund of four cents on gasoline used for industrial and agricultural purposes is forecast in the speech delivered by Hon. R. G. Reid, provincial treasurer, in bringing down the budget in the legislature Friday afternoon.

The other estimated increase in revenue arises from the subvention of \$330,000 payable by the Dominion government under the old age pensions act.

Highway Expenditure

On the maintenance of highways the government proposes increased expenditure over 1927 actual of \$3,000,000. This is for district highways and local roads of some \$270,000 in excess of 1927 actual expenditures. The payment of old age pensions will require the sum of \$660,000 against which will be placed the Dominion government subvention amounting to 50 per cent. of this sum.

The increased revenue from the gasoline tax will be applied to the additional expenditures required under the enlarged highway program of the government.

Public Works

The estimates of the public works department contains provisions for an estimated expenditure of \$1,563,765 for sites and construction of public buildings. Under this item comes \$12,500 for schools of agriculture, \$240,265 for the provincial mental hospital at Oliver, \$264,100 for the provincial hospital at Ponoka, \$36,000 for the provincial gaol at Fort Saskatchewan, \$23,700 for the Central Alberta Sanatorium at Keith and \$6800 for the provincial gaol at Lethbridge, also \$250,000 for the university hospital extension, Edmonton.

The district highways appropriation totals \$500,000 compared with \$363,146.80 actually spent in 1927 and an estimate of \$400,000 for 1927.

Secondary highways construction appropriation totals \$150,000, for which no item appeared in last year's estimates.

The main highways construction estimates total \$1,500,000, the same figure as that contained in last year's estimates, although the actual 1927 expenditure was only \$789,933.75.

Agricultural Acreage

In the section of his address dealing with agricultural conditions during the past year, Mr. Reid said: "I find that the acreage under cultivation last year was 15,329,157 against 14,549,000 in 1927, a gain of more than 800,000 acres. The value of production was \$264,507,299, a decrease of approximately \$65,500,000 over 1927. The gross value of the crop, however, was well up to the average of recent years but the returns per acre were rather disappointing."

Dairy Crop Value

The value of Alberta's dairy products for 1928 is estimated at \$20,350,000, practically two per cent. less than that reported for the previous year. Although the 1928 previous level for dairy products was the highest in the past eight years, favorable beef cattle market combined with excellent crop prospects caused a considerable reduction in the number of milk cows and as a consequence in the volume of milk production, stated the provincial treasurer. "It is worthy of note, however, that the bureau of statistics reports an increase of 37 per cent. of milk yielders over the number in June, 1927."

Butter Production

The 100 creameries that were operating during the year reported a butter output of 14,425,000 pounds eleven per cent. less than the quantity recorded the preceding year. This decrease was offset to some extent by the greater production of home-made butter. An improvement was noted in the grades of creamery butter for the year. The minister said: "It is interesting, too, and perhaps significant to note that the creamery butter production for the last two or three years has shown a gradual relative increase in the southern sections of the province, and a corresponding decrease in the central and northern sections."

Co-operative Marketing

Referring to the progress made by co-operative marketing in the province, Mr. Reid said: "The total wheat production of Alberta last year exceeded that of all Canada 18 years ago and I have no hesitation

in predicting that in the course of time the Peace River country will harvest more wheat than this whole province in 1928."

"There is no doubt, however," he continued, "that in the years to come, new conditions will have to be met by changed methods of agriculture that will ultimately lead to mixed farming, as we have it in the eastern provinces and older lands."

In the final section of his address, Mr. Reid said: "Notwithstanding the reduction in the rate of saving certificates in 1927, a healthy interest in this form of security continues to develop and this branch is able to record a net increase investment of \$816,000 for the calendar year of 1928."

Reasons for Increase

The increase in expenditure was partially caused by the change in the fiscal period by departments. Increase may be attributed, according to department and reason for increase:

Agriculture—Earlier payment of grants to agricultural societies.

Attorney-General—Grants under the Mothers' Allowance Act.

Education—Grants to schools.

Executive Council—Accrued contribution to the superannuation fund and unemployment relief.

Public Health—Grants to hospitals and expenditure for charitable purposes.

Public Works—Maintenance of main highways, public buildings and institutions.

Provincial Secretary—Commissions paid under gasoline vendors tax act.

Railways—Special expenses covering large expenses.

Treasury—Refunds for previous year's revenue.

As compared with estimates, revenue from the Dominion of Canada on school lands funds decreased \$74,459.82 and grant for population \$15,246.40; revenue of the department agriculture decreased \$55,433.70; liquor profits increased \$392,009.00; land titles revenue showed an increase of \$74,538.57; succession duties an increase of \$128,053.75; and Mothers' Allowance reimbursements of \$31,132.25; through the disallowance of the mine owners' tax there was a shrinkage of \$203,132.52. Municipal Affairs revenue decreased \$29,431.47 through decreased educational, wild lands and supplementary revenue taxes.

The Provincial Secretary's Department showed a substantial increase in revenue of \$33,684.07, due to increased collections from automobile licenses.

The increase in the Treasury Department is due to interest and profits on investment.

Accounts payable on March 31, 1928, included in the expenditure for the year amounted to \$1,695,937.60, as compared with \$1,327,511.12 at Dec. 31, 1926; by providing for these accounts the cash surplus of \$568,189.61 was reduced to a true surplus of \$279,763.13.

During the year a total of 3,390,554 long distance messages were carried and the number of miles of long distance wires totalled 40,317.

New Expenditures

The total investment of the system now amounted to \$23,281,804.69. In the year the money spent on new plant and equipment amounted to \$229,130.68, while the number of towns and villages connected to the system amounted to 605. During the year 8501 telephones were installed and 6102 were removed, thus leaving a net gain in this class of service of 2099 telephones.

A total of 1235 miles of line, obsolete and worn out, were replaced and repaired while switchboards and other office equipment which required replacement, together with the cost of repairs and labor in removals had amounted to \$439,375.72. Operating revenue had increased in 1928 over the previous year by \$76,004.50 while operating and maintenance costs had increased \$45,533.16. It should be noted that this increase cost was relatively small when compared with the increased business.

Covered All Charges

During 1928 revenue as it was in 1927 was sufficient to cover all operating maintenance and interest charges, and a sinking fund and full depreciation reserve had been set aside. The subvention of \$177,000 from the government had not been taken into account this year and even after excluding this item, the department would show a greater surplus than last year. Total revenue in 1927 exclusive of the government subvention was \$3,227,966.75 while the 1928 revenue totalled \$3,635,504.38 or an increase of \$308,407.62 over the previous year.

Transcontinental Link-up

Dealing with the future, the report says that Alberta must be soon ready to take its place in the development of a transcontinental system. The budget for 1929 called for extensions and improvements over the whole system from Peace River and Grande Prairie to the southern boundary. Many additional lines will be built and in addition to building up the present routes there would be secondary routes to take care of emergencies.

Among the lines proposed were via Camrose and Airdrie to Calgary, from Calgary east to the Saskatchewan border and others. The building program called for several new structures in various parts of the province.

Tenders Wanted

The Trustees of Olsen Creek S. D. No. 1521, offer For Sale or Lease by Tender, the Old School Site of 20 Acres, in the N. W. 1/4, 10-9-28-24th. Sealed Tenders will be received by the undersigned up to 12 o'clock noon of Saturday, February 16th. The highest or any Tender not necessarily accepted.

R. J. E. Gardiner,
Secretary-Treasurer.

MACLEOD

OVER-CROWDED, UNDER-STAFFED, CRITICISMS OF PONOKA ASYLUM

Edmonton, Feb. 7.—That the Ponoka mental hospital is over-crowded and under-staffed and that, in the opinion of the commission appointed to investigate conditions in the provincial institutions for the mentally afflicted, the restraint method of control is used to excess and in forms unduly severe, are the salient criticisms contained in the long-awaited report of the commission, tabled in the legislature by Hon. George Hoadley, minister of health, on Wednesday afternoon.

The commission condemns the practice of mechanical restraint and seclusion of mental patients.

Abolished on Hobb's Death

The commission considers the death of Dr. Archibald Hobb as an unfortunate isolated incident without significant bearing upon hospital management, and points out that this is the only case since the opening of the hospital in 1911 when the death of a patient has occurred as a result of bodily violence inflicted by a nurse or attendant on the premises.

The commissioners state that they did not find evidence of harsh treatment meted out to patients at the Ponoka asylum. Accident or injury to patients in insane asylums can never be totally eliminated, they believed, but if the recommendations contained in the report are adopted, the commission believes that the people of Alberta will be insured, as far as is humanly possible, against a recurrence of such an unfortunate incident as that which led to the present survey.

Defects of Hospital

In summarizing the defects of the hospital the commission deplores the fact that the number of admissions by warrant as compared with admissions by two medical certificates or on a voluntary basis.

Recommendations

Recommendations include the appointment of two additional physicians, bringing the total staff up to seven; appointment of a dental officer; full time nursing service; 20 additional nurses to bring the total nursing and attending staff to a minimum of 115; inauguration of a training school to insure the instructions of the nursing force in the fundamentals of psychology, psychiatry, mental hygiene, and medicine that are requisite for increased efficiency of mental nursing; extension of female nursing service to all wards, male and female; retention of general nursing education for routine examinations and treatment, as well as for accidents and emergencies; the gradual changing of the status of male attendants so that eventually all attendants can be grouped into three categories: male nurses, occupational supervisors and orderlies.

Maximum 1000 Patients

To relieve over-crowding the commission suggests transfer of sixty patients as soon as possible to the provincial mental institute, Oliver; the housing presently of forty male patients in the new farm colony building; the limitation to 1000 of the number of patients in the main building; and 450 unless further dormitory and day room space is added.

The commissioners advise discontinuation of the use of cane belts; the use of ankle or wrist fastenings; or the strapping of patients to beds; and they recommend the change of canines to prevent muscular cramping, if canines are used at all. They advise also removal of shutters from side rooms and reduction of seclusion in side rooms, also strict enforcement of the regulations demanding a physician's order before placing the patients in restraint or seclusion and the more frequent canvassing by medical staff of cases on duty.

STAVELEY IS SNOWED UNDER AT MACLEOD, IN FOOTBALLS CONTEST

Snowed under is about the only term that can be used about the Staveley league football game on the Macleod ice Friday night last, between Staveley and Macleod, when the home boys chalked up a score of seven, the visitors failed to pass the rubber into the Macleod net.

The result is not altogether representative of the play, as it was fast and hard fought from start to finish, and many a well aimed shot was fired at the Macleod net, but the marvelous speed of the Macleod goalie, Swinerton, simply saved the day for the home team. Macleod was the star player for the home boys, four of the seven goals being to his credit.

The game was of four periods of 15 minutes, and the first two periods were drawn blank, no score. The third period was about 15 seconds when Macleod with a lone shot from near centre scored the first goal. This was followed shortly after with the second by McDonald. In a few minutes Dillingham ran in the third, followed quickly by Macleod on a pass from Dillingham and just before the bell rang Dillingham again scored making the fifth for the period. The last two in the fourth went again to Macleod's credit. Allan Graham of Staveley seemed to be their star player, and although only a youngster he has wonderful speed and knows how to handle his stick. Butler of Macleod was referee and he soon let the boys know that he would stand no fooling and handed out penalties pretty freely to both teams.

The line-up:

Staveley — Goal, Allan; defence, Damron, Dorsey; forwards, Graham, Bouzyan, Jenkins; subs, Anderson, Malchow, Schade.

Macleod — Goal, Swinerton; defence, Hamilton, McLeod, Dillingham; forwards, Townsend, McLeod, Dillingham; subs, Dowson, Bill Hamilton, Graham and Smith.

People really do live more righteously in villages. It's harder there to get away with anything.

Referee—D. Boyle, Gratum.

NOT MUCH IN WAY OF NEW
LEGISLATION IS FORECAST
IN SPEECH FROM THRONE—
SPEECH CONSISTS LARGELY
OF REVIEW OF ACTIVITIES
OF GOVERNMENT SINCE
LAST SESSION — RESOURCES
MENTIONED

Ottawa, Feb. 7.—The speech from the throne with which his excellency the governor-general opened parliament this afternoon, consists largely of a review of the activities and accomplishments of the government since the close of the last parliamentary session.

New legislation announced is not extensive. Amendments to the Dominion Elections Act, to the Companies Act, the Fisheries Act, the Narcotic Drug Act and the act respecting technical education are pieces of new legislation to be forecast. The speech also states that parliament will be given an opportunity to approve the multi-lateral treaty for the renunciation of war as well as the treaty providing for preservation of the scenic beauties of Niagara Falls. Amendments to the Railway Act which will grant to the railway commission wider powers of investigation of affairs in regard to subsidiary concerns and with regard to the issue of capital stock will be introduced.

C. N. R. Pension Scheme

One of the most important announcements contained in the speech is that the government intend to provide for a general pension scheme for the benefit of Canadian National Railway employees, will be brought down.

The speech expresses thankfulness for the recovery of His Majesty King George, refers to the unprecedented prosperity of the Dominion, draws particular attention to the development of the mining industry and suggests further legislation to implement recommendations of the fisheries commission. It states that plans are in progress for construction of the national research laboratories.

Reference is made to immigration and mention of the introduction of a further branch line program by the Canadian National Railways, is also contained in the speech and it intimated that authority will be asked for the acquisition of certain railways in both Eastern and Western Canada as feeders of the government-owned system.

Ottawa Gets a Thrill

Ottawa, Feb. 7.—The streets of the capital through which his excellency Viscount Willingdon drove to the opening of parliament were lined with gazing crowds this afternoon. The mild weather and the return to the custom of the governor-general riding in the open sleigh instead of a limousine, encouraged the greater throngs.

Precisely at three o'clock his excellency drove up, reviewed the guard in front of the main entrance, then entered the senate chamber.

In the house of commons there were a number of vacant seats when the messenger of the governor-general with the customary ceremony notified the commons that his excellency awaited them. Headed by the speaker-at-arms with the members of parliament, the members of parliament to the senate chamber, when amid brilliant surroundings the speech from the throne was read.

Usual Military Movements

Ottawa, Feb. 7.—A heavy snow-storm and grey skies were provided by the weather man as a preparation for the opening ceremonies of the third session of Canada's sixteenth parliament.

Plans for the opening call for the usual military movements, a travelling escort of cavalry for the governor-general who will drive to the parliament buildings in an open sleigh, a guard of honor at the buildings, and the boom of cannon as his excellency arrives to perform his usual sessional function.

Inside the parliament buildings there will be the formal ceremony honored by age-old custom. The commons will assemble in the green chamber. His excellency will proceed to the red chamber where representatives of the government, in the person of the prime minister of the army, the navy, the judiciary, will be gathered to participate in the event. From the senate, the gentleman usher of the black rod will bring to the commons the usual summons, heralded by three resounding knocks on the door of the lower chamber. The members, headed by his honor, the speaker, will move to the Senate, there to stand and hear the speech from the throne.

Tomorrow the motion for an address in reply to the throne speech will be made by C. E. Forland, Liberal, Joliette, and seconded by Thomas Cayley, Liberal, South Oxford. Adjournment will be made over the week-end.

The big guns in the debate will be heard to-morrow when Hon. R. E. Borden, Conservative leader and Premier Mackenzie King are expected to speak.

The speech from the throne will appear in next week's issue of The Times.

GRATUM CAPTURES GAME FROM CARMANGAY 10-3

Gratum had Carmangay as visitors on Wednesday night for an exhibition game before a mono-crowd. Some of Gratum's regular players are gone but their absence did not affect the result. The game was ragged showing spurts of fast play with a lot of slashing and hooking. Gratum had their own way most of the time and ran up a score of 10 goals to 3, which might have been increased.

The referee handed out a lot of penalties. Most of the Gratum players had scores to their credit. Robinson heading the list. O. Wray played a good game for Carmangay.

Referee—D. Boyle, Gratum.

AIRPLANE AND RADIO FAVOR
ED IN PROVINCIAL POLICE
REPORT

Edmonton, Feb. 8.—Commissioner W. C. Bryan of the Alberta Provincial Police in his annual report made public Friday by Hon. J. F. Lymburn, attorney general, favors the proposed purchase of a flying machine to be manned by men of the force with flying experience in the great war and to be used for emergency purposes. He also recommends strongly the purchase of broadcasting radio at headquarters for the more expeditious information of detachments regarding crimes and other urgent information.

The report shows that the total number of prisoners handled by the force of 176 men numbered 4,174, an increase of 972 over the previous year.

Many Cases Entered

During the year a total of 8,766 cases were entered, an increase of 1,575 over the year before. There was a total of 7,544 convictions, 1,033 cases withdrawn or dismissed and 129 awaiting trial. Collections from fines amounted to \$80,119. In addition the force made 17,236 investigations in connection with various complaints. A total of 45 cases of horse and cattle stealing were entered a decrease of 71. There were 24 convictions. Ordinary thefts totalled 708 cases entered, an increase of 85 over the previous year with 548 convictions. During the year 339 mental patients were handled by the force, an increase of 28.

Highway Patrol Work

There were 1,043 prosecutions for infractions of the Vehicles and Highway traffic act, an increase from 876 cases the previous year. There were 91 prosecutions throughout the province of the act dealing with starting prairie fires, an increase of 63 over the year before.

The commissioner requests that seven men be provided for highway patrol work and recommend that they be supplied with motor cars instead of motor cycles as at present, the cars being better able to stand the grind on the gravelled roads.

The report tells of work done in connection with the game act and collections of \$4,049.50 for game licenses and fur taxes totalling \$467.82, while fur dealers licenses amounted to \$885.

Noxious Weeds

The force also did work in connection with the Noxious weeds act; the provincial secretary's department; the workmen's compensation board; the provincial treasurer's department; the department of education; the public health department; vital statistics branch and in regard to Dominion statistics.

FOOTBALL LEAGUE CUP RETAINED BY GRATUM FOR SECOND YEAR

The situation in the Football Hockey League has been at "sixes and sevens" for the past month owing to the suspension of the Gratum team and the inability of some other teams to qualify for amateur cards.

Fortunately for the game, however, matters have been righted by the action of the A. A. A. in reinstating Gratum with the understanding that they do not play their famous centre.

The league games are practically over and the cup will probably remain where it is as Gratum leads in points after playing Macleod and Staveley. They have been unable to arrange a fixture with Claresholm, however.

With three players gone, Hart, Ackroyd and Ross the local team still hopes to give a good account of itself in the provincial play-off.

Gratum won the second half of the schedule and were tied with Nanton and Claresholm for the first half. Both Nanton and Claresholm dropped out of the league when Gratum was suspended by the A. A. A. late in January. So by virtue of winning both halves Gratum retains the Foothills trophy for the second year.

The Foothills trophy was donated to the league by the Lethbridge Brewery through the courtesy of the former local hotel manager, Thos. Flaherty.

Wonderful Record

Gratum has an enviable record this winter in amateur hockey. Playing a total of 20 games to date, the local club won 15, lost 4 and tied 1. And they have the distinction of being the only team to beat Blairmore on their own ice.

ALBERTA UNLIKELY TO ACCEPT DOMINION RESOURCES OFFER

Edmonton, Feb. 7.—Declaring that the financial terms offered by the Dominion government for the return of Alberta's natural resources constitute the very minimum the Dominion offer to Manitoba and Saskatchewan with an hope of a settlement, Premier J. E. Brownlee stated in the Legislature Wednesday that, as he saw it, the issue before the government is simply: "Shall Alberta take less than the other provinces will most certainly receive because Alberta's resources are more valuable from the standpoint of revenue?"

The house, said the premier, will have to consider this issue. His statement was understood by many to mean that the government does

THURSDAY, FEB. 14th, 1929

PRESENTATION TO MRS. W. G. ANDREWS

On Monday afternoon at the regular meeting of the Ladies' Aid of the United Church, Macleod after the routine work was completed and afternoon tea was being served to the members, the new President and Secretary called Mrs. W. G. Andrews forward and presented her with an illuminated address and a large bouquet of flowers as a slight token of appreciation of her services as President of the Aid for almost twelve years. Mrs. Andrews was entirely taken by surprise, but suitably replied, thanking the members for the beautiful gifts.

As President of the Aid for almost twelve years. Mrs. Andrews was entirely taken by surprise, but suitably replied, thanking the members for the beautiful gifts.

Mrs. Ripley, the new president has now taken over her duties, and hopes that with the same loyalty given to her predecessor she will make a name for herself in the field of labor she has undertaken in the church work.

MACLEOD MUNICIPAL ELECTIONS

A considerable amount of excitement prevailed in Macleod Monday over the municipal elections when five candidates were running for the three seats on the Town Council. In fact not for many years has there been so much interest taken in an election as was evidenced by the exceptionally large number of taxpayers who came out and voted.

The largest number that was ever known to vote at a Municipal election in Macleod in years gone by was 178. Monday 215 exercised their franchise and of that number no less than 75 were women voters. The three retiring councillors—Day Swinerton and Stevens were out for re-election and W. Whitworth and Harold Davis were the two new nominees. The old councillors were returned, the results of the poll being as follows: W. A. Day—170, J. A. Swinerton—160, C. W. Stevens—146. Wm. Whitworth—82, D. W. Davis—81. There were two spoiled ballots.

"SORRELL AND SON" COMES TO THE EMPRESS THEATRE—MONDAY AND TUESDAY, FEB 18th AND 19th

"Sorrell and Son" has been acclaimed everywhere it has been shown as one of the finest, if not the very finest, pictures produced during the past five years.

Don't miss "Sorrell and Son." The long-awaited screen version of that novel of father-and-son devotion which has been read by hundreds of thousands of readers throughout the world. Monday and Tuesday at the Empress Theatre and it is easily ranked among the year's five best pictures. In many ways it is the most absorbing achievement in cinema realism ever made.

Brilliant direction, acting so real that the eminent players seem to be living their roles, fine settings—including historic spots in England where much of the story was filmed—and flawless photography combine to create what is nearly the ultimate in entertainment.

H. B. Warner, playing his first part since "The King of Kings," Anna Q. Nilsson, Alice Joyce, Nils Asther, Marmel Myers, Mary Nolan Norman Trevor, Betsy Ann Hulse are some of the artists who share honors in the picturization of Warwick Deering's novel.

"Sorrell and Son" is a story of father love and son devotion, a story of England during the post-war period, when heroes came home, only to find their penance jobs appropriated by stay-at-homes, and facing the necessity of working in the most menial tasks to support themselves and their families.

"Captain Stephen Sorrell" was one of these heroes; not only was his job gone when he returned to London after the Armistice, but his wife was faithless. Left with a young son as his wife deserts him for a wealthy profiteer, "Sorrell" works as a hotel porter in order to educate the lad and give him a chance in life.

COLOURED MINSTRELS" AT THE EMPRESS—FRIDAY AND SATURDAY

The Famous Coloured Minstrels presented by "Beck & Walker" are appearing this week-end. This troupe is composed of all coloured gentlemen and a first class show will be given, great harmony singing—songs—dancing—comedy in fact everything to be expected from a troupe with the reputation that "Beck & Walker" have. The only genuine Coloured Minstrels at present touring Canada. This great show (with a screen offering as an added attraction) is for two nights only—Friday and Saturday. And is a real show for the whole family.

OBITUARY

DEATH OF WILLIAM H. CLARKE

After a lingering sickness of several months death called William H. Clarke, farmer south-east of Macleod, at an early hour Monday morning, Feb. 11th.

Mr. Clarke had the misfortune to lose his wife about four years ago, and a married daughter, Mrs. Wells, about two years ago, and since then these losses seem to have taken such a hold on him (not being in very robust health for several years) that the result proved fatal.

William H. Clarke was born in Ontario 48 years ago, and came to Macleod about 25 years ago. When he came to Macleod he engaged in the bakery business for several years, afterwards taking up land near the Belly River, where he has farmed ever since. He is survived by one son 20 years of age and three daughters, the youngest being about 10 years of age. He has two brothers in Macleod, Thomas and Charles, and another brother, Fred, is chief of Police at Monfort, Ontario; and J. Clarke, of Toronto; and N. Clarke, of Smith Falls. Also two sisters in Macleod, Mrs. Charlton and Mrs. Fleming; and another sister, Mrs. R. Noble, of High River.

The funeral occurred on Tuesday, February 12th, at 2 p. m. and was conducted by the Salvation Army officers. Interment took place in the Union Cemetery, Macleod. The pallbearers were: C. Clarke, T. Clarke, V. Grimson, H. Young, B. Clarke and W. Fleming.

DEATH OF KENNETH MacGREGOR

The death of Kenneth MacGregor occurred at Macleod on Tuesday, February 12th.

Mr. and Mrs. MacGregor had been in attendance at the Royal Purple card party and dance and returned to their residence at about midnight. Mr. MacGregor shortly afterward retired and a little after midnight was stricken with heart failure, dying within a few moments.

Kenneth MacGregor was born 44 years ago in Cape Breton. In 1900 he with his parents moved to Ashfield township, near Lucknow, Ontario. In 1911 he came west to the Macleod district and at the time of his death was resident on his farm 6 1/2 miles south of Macleod. Mr. MacGregor is mourned by his wife and a seven-year-old daughter; by his father, D. N. MacGregor, of Lucknow, Ontario; two brothers in Chicago, Dr. G. MacGregor and Dr. W. MacGregor; a brother A. MacGregor, living 2 miles north of Granum; and by two sisters, Miss Kathryn MacGregor and Mrs. G. Stuart, both of Lucknow, Ontario. Kenneth MacGregor was held in high esteem in Granum and Macleod districts and is mourned by many intimate friends and a host of acquaintances.

The blonde isn't really dumb. She just acts that way because she knows men like to feel superior.

Make Pastry Delicious—Ensures Success

LADIES OF THE ROYAL PURPLE STAGE HIGHLY SUCCESSFUL CARD PARTY AND DANCE

The Ladies of the Royal Purple Lodge of Macleod put on a most successful Card Party and Dance on Monday evening in the Elks' Hall.

There were 30 tables at cards, progressive whist being played, and the winners were: Ladies' 1st—Miss Scott, Ladies' Consolation—Mrs. R. Horschburgh. Gentlemen's 1st—

Sandgathe, Granum. Gents' Consolation—Mike Donahue, Macleod. A dainty lunch was served and after the floor was cleared dancing was started and a large crowd came in for the dance, filling the hall almost to its capacity. Edna's Orchestra supplied the music. The Ladies of the Royal Purple are becoming noted for the excellence of their entertainments, which is all the more creditable as they are comparatively a new lodge in Macleod.

A Two-Sided Story

Following is a letter that appeared in a Western newspaper, written by one of its readers. There is information in it for storekeepers: "Your paper is always boosting that home-town buying is the right thing, for if everybody bought away we would not have a town very long. In your editorial a week or two ago you said there would be less buying from catalogues if every merchant would advertise, because it is advertising that keeps the catalogue men going. Well, I believe that's right too, but one thing I would like to see all the local merchants do, and there are more who think the same, and that is for them to print the prices as much as they can in their advertising. And I also think that if the prices are going up they should say so and tell why, if they know. These times we all have to bite our nicksles, or most of us, and we certainly don't like the idea of prices going up on staples particularly, and not a word about it till you reach the store. I am not an advertising expert, but I know what I would like to see in my local paper along that line and that is a lot of genuine information about goods and prices every week. Then we should feel better and if we were being fairly treated there would be less sending away. I hear this talked about a lot, so thought I would write you."

Mr. Merchant, tell your
message to the people
of this town and
vicinity in

MACLEOD CURLERS DEFEAT LETHBRIDGE CONTENDERS FOR CADILLAC CUP

The Cadillac curling cup remains in Macleod. Eight good men and true from the eastern city of Lethbridge, invaded the Jubilee City Saturday afternoon with beams and staves with great determination of wresting the coveted trophy from the dearthily Macleod curlers who have held the cup for two years.

In the afternoon two friendly games were played to give the visitors an opportunity of sizing up the ice, and they were loud in their praise of the splendid sheets special-

ly prepared for the games. The finest and keenest ice they had played on this year was the remark made by a number of the visitors, their only difficulty was in holding their rucks. The same applied again in the evening when the battle royal took place, the ice was even more keen than in the afternoon, with the result that for the first half of the games the score boards showed the home boys leading with substantial majorities. The visitors then got into the run and tallied up the scores till at the finish of the 11th and 12th games were a tie, 11-12 in the one rink and 15-15 in the other. The last two ends Macleod pulled

away again and finished up six shots to the good.

R. Hamilton, Macleod 16; R. A. Smith, Lethbridge 11.
Orval Stewart, Macleod 16; J. Holmes, Lethbridge, 15.

The rinks were:
Lethbridge—R. A. Smith, skip; W. Hope, 3rd; E. Theobald, 2nd; A. Wallace, lead.

Macleod—R. Hamilton, skip; A. McLeod, 3rd; H. C. Winter, 2nd; F. J. Butler, lead.

Lethbridge—J. Holmes, skip; F. Freeman, 3rd; K. P. Stewart, 2d; J. Crewe, lead.

Macleod—Orval Stewart, skip; Dr. Kennedy, 3rd; Jas. Young, 2nd; Roy

Grier, lead.

Tendered Banquet
After the game a banquet was held for the visitors at Billy's cafe, and all were high in their praises of the pleasant game they had had and the delightful reception they had received from the Jubilee boys. Better luck next time was the hope expressed by the visitors, and the hope that the next time would be soon, was expressed by the home rinks, as they had found the visitors a bunch of real sports.

TRAINMEN'S BALL A GREAT SUCCESS—UPWARDS OF 500 GUESTS ASSEMBLED FOR COLORFUL FUNCTION AT MACLEOD

To say that the annual ball of the Railway Trainmen is popular in Macleod, is drawing it mild. The huge crowd of between 400 and 500 that assembled in the Hudson's Bay hall Wednesday night, Feb. 6th again demonstrated the popularity of this annual event. Practically every town from Cranbrook to Lethbridge and north to Nanton was represented on the dance floor, by railway men or their friends. The young people of Macleod and district were there en masse and needless to say every one seemed to be enjoying a real good time. The music was supplied by Whittaker's orchestra of Lethbridge and as usual was all that could be desired.

The decoration committee certainly excelled themselves in the beautiful and original decorative scheme carried out in the hall. The decorations were in the colors of the lodge, white, red and green. All the pillars were covered with these colors and long streamers were run in every direction, the walls also were covered with the emblems of the order. To crown all the decorators had the orchestra platform fitted up, illustrating the end of an observation car, beautifully decorated with the above colors and the regulation lamps. They also had a signal post with arms and lights, the signals being used to notify the dancers when a dance commenced or finished.

The ball opened with the grand march, led by Mayor J. W. McDonald and Mrs. Percy McGregor, Mrs. McDonald being unavoidably absent. The chairman of the general committee was Percy McGregor, to whose efforts the success of the entertainment must be given to a large extent, but he was very ably supported by a large number of enthusiastic helpers. M. Routledge as secretary and Harry Williams as treasurer did yeoman service in their respective offices. The decoration

Our Lines Of Alarm Clocks

are full. We have the well known Westclox as follows:

Big Ben \$4.50
Big Ben De Luxe 5.00
Little Bens at same price
A dandy alarm clock, intermittent call, at \$3.75
Westclox in Colors and De Luxe shapes \$5.00
One Day Alarm Clocks at \$1.50

Get ready for spring.

John T. Doney
Jeweler

committee was Frank Stockton, chairman, H. Williams, Bob Crooks and M. Routledge. The reception committee was Wm. Walshe, Bob McDonald and Mike Murphy. Earl McGregor was boss of the "cats," and he did his work well in providing a delightful recherche luncheon which was much enjoyed. Earl was supported by a host of willing workers.

The ball was voted by all to be the best and most enjoyable function the boys of Leth. No. 735, Macleod Branch, have ever put on.

THE GAME RESULTS WHEN PEIGAN INDIANS MET MAC- LEOD JUNIORS

A friendly game of hockey was staged on the Macleod skating rink Saturday night between the Indian boys of the Peigan reserve at Brocket and the Macleod juniors. It was a good fast game, in fact there was a good deal of real hockey displayed by both teams. The Indian boys are a husky bunch and show real skill in their play which is very creditable to them, especially as their only place for practice is in the open river at Brocket.

The Macleod boys were right on the dot from the first bell, and although of much lighter weight than the Indians, they put up their usual class of hockey and gave the heavyweights a pretty hard run. The game ended a tie, five all. The visitors refused to play overtime, they evidently had enough.

The line-up:

Indians—Goal, C. Hay, defence P. Potts, McDougall; forwards, Saupson, W. David, B. Manyuns; subs., Dick Part, Sam Yellowface, Leo Gun.

Macleod—Goal, Swinerton; defence, Ringland, Lambert; forwards, McLeod, Graham, Adams; subs., Smith, Watchorn, Graham.

Referee, Nap Pro Vo, Brocket.

SPECIAL MEETING OF THE BOARD OF TRADE

A special meeting of the Board of Trade was held Monday evening when a large number of members were present.

It was arranged to hold the annual meeting on Monday, February 25th, the meeting to take the form of a banquet. Committees were appointed to carry out the arrangements. The banquet committee is Jas. Young, F. B. Frey and A. Young. Nominating committee, Dr. Fanset, Ed Greenwood and J. W. Moreash. It was left to President Sutherland to secure speakers for the meeting. Mayor McDonald, who was present, promised to assist the President in this important matter. All present at the meeting were enthusiastic to make the annual banquet a huge success.

"THE TIMES"

**In Ancient
Egypt**

The art of brewing was known and practised for many hundred years before the Christian era. In 450 B. C. we are told that the Egyptians being without vines made a wine of beer from corn. Pliny and Hollander inform us that the Egyptians are thought to have derived their taste for "Zythum" (meaning a barley drink) "because it was so necessary for human bodies."

Today malt beverages, BEER, ALE and STOUT are considered Health Drinks.

"Where BEER has once been introduced, it has generally become the national beverage"

Full-O-Pep

We have just received a very complete shipment in the various sizes of Full-O-Pep Chick Starter, the most popular of all chick foods on the market today. The Quaker people, who make this Chick Food, have a course by mail, extending over a year, on Poultry Raising, embracing lessons on egg production, incubation, brooding, chick feeding, chicken fattening, preparing for market, etc., which is free to anyone wishing to avail himself of it. If you should care to take this course please register your name with us, and we shall see that you are enrolled.

For Rural Schools

We have received a shipment of Dustbane Sweeping Compound which we are selling at \$4.50 per drum. This sweeping compound eliminates the dust nuisance, is a labor saver and an aid to sanitation and healthfulness in the School room. A drum will last for months.

THE WHITE HALL

(OPERATING THE CHILD'S SAVING PLAN)

LOCAL AND PERSONAL NEWS

W. O. Hoodless was a Calgary business visitor last week.

T. Worthington took in the School Trustees Convention at Lethbridge last week.

Allen Graham, of Stavely, spent the week-end at his home in Macleod.

Joseph Horner of Rathwell School District was the representative for that district at the Trustees' Convention in Lethbridge this week.

R. E. Patterson, farm manager of the Peigan Stock Farm at Brockton was in Macleod on Saturday on business.

Phil Tolley of Longbottom School District was in Lethbridge in attendance at the School Trustees' Convention.

Hugh Mackintosh was in Lethbridge at the Trustees' Convention from Tuesday till Thursday. Mr. Mackintosh is chairman of the Howe School Trustees.

R. J. E. Gardiner left on Tuesday morning for Calgary, where he will attend the Alberta Fairs Convention, as an alternate delegate from the Macleod Agricultural Society.

Fred Dowson left on Monday for Taber to relieve for a couple of weeks at the Burns & Co. Meat Market at that point on account of illness of one of the staff at that branch.

W. J. Knox, manager of Jenkins' Groceteria at Macleod, left for Calgary Wednesday to attend a convention of managers and other executives of Jenkins' Groceteria Ltd. in their 27 Alberta stores.

Hugh Mackintosh left on Monday morning for Calgary to attend the annual convention of the Alberta Fairs Association which is being held in Calgary at the Palliser Hotel on Tuesday and Wednesday. Mr. Mackintosh is first vice president of the association.

Charles Faulkner of Parkerville went to Lethbridge on Friday to undergo an operation in the Galt Hospital. The operation was successfully performed by Dr. Woodcock on Saturday morning. Charles has been on the sick list and confined to the house since before Christmas.

Granum and Macleod Juniors played a game on Tuesday evening, this being the first game in the second half of the series. After ten minutes overtime the score was 1-1, goals being scored by Adams on a pass from Graham and McKenzie for Granum, from a scramble in front of the Macleod goal. There was a good crowd in attendance who

went home well satisfied with the brand of hockey displayed.

E. Natch was at Lethbridge last week attending the School Trustees Convention.

Mrs. Clara Taylor has returned to Vancouver where she will be future reside.

Mrs. R. A. Clement and Miss M. A. Heggen are at Banff taking in the carnival.

J. Driver of Ardenville was in Lethbridge this week, and while there he took in the Trustees' Convention.

Gordon McLeod, of New Dayton was the guest of his parents, Mr. and Mrs. Alex McLeod, over the week-end.

George Pearson, Sr. was a delegate in Calgary from Christ Church Macleod at the sessions of the Synod of the Diocese of Calgary, and returned on Thursday night.

R. A. Clement returned on Thursday of last week from a holiday trip of a month's duration, spent in Eastern Canada points and at the Pacific Coast.

Among the Granum visitors who were present at the Royal Purple Card Party and Dance on Monday night, were Mr. and Mrs. F. Sandgathe, Mr. and Mrs. J. Russell, Mr. and Mrs. McCorkle.

Murray Saunders of Calgary paid a fraternal visit to Mountain View Lodge No. 4, I. O. O. F., on Thursday night. Mr. Saunders is one of the officers of the Grand Lodge of Alberta.

J. R. McLean of Winnipeg was a business visitor in Macleod on Saturday. Mr. McLean in the early days was an employee of the Grocery Firm of Baker & Skelding, and was busy renewing old acquaintances.

H. W. Bright returned to Macleod on Friday night from Calgary where he was attending the Synod meetings of the Anglican Church Diocese of Calgary. He was one of the representatives of Christ Church Macleod.

Harry Marshall of Spring Point was in Macleod on Friday and Saturday on business in connection with the recent fire which destroyed his farm house. Harry reports that he has had a prompt and satisfactory settlement of his Fire Insurance claim.

Mrs. R. B. Barnes of Vancouver B. C. is visiting Macleod, at present the guest of Mrs. C. D. T. Becher. Mrs. Barnes is one of the old timers of Macleod, her husband having started in the drug business here over 30 years ago, and was resident in Macleod up to about 8 years ago when they moved to Vancouver. Mr. Barnes died at the coast about two years ago.

On Tuesday evening the United Church Brotherhood entertained the Church Board, with their wives or husbands respectively, to a treat in the form of a trout dinner. The delicacy was brought from Cold Lake Alberta by Mrs. W. Johnston of Edmonton, a friend of the Pastor's family. The speaker for the occasion was Mrs. J. W. McDonald, wife of Mayor McDonald, and the theme was "Better Fellowship for the New Canadians." Mrs. McDonald gave a definitely clear description of the exhibition of "Arts and Crafts of New Canadians" held recently by the Women's Liberal Club of Calgary in the Palliser Hotel of that city. In addition to the story of the work being done by such organizations were some splendid demonstrations of the arts and crafts of New Canadians. There were oil paintings by Mr. Looch of Beaver Heights, an artist and marathon champion from Switzerland who is working with the

Johnston Brothers in the lumber business. A beautiful embroidery by Mrs. Demetrowits and samples of art rug weaving by Mr. Rogers of Macleod. These works delighted all lovers of the beautiful in arts and crafts as well. Following the Brotherhood meeting the Church Board convened and completed the organization for the year and welcomed the new members to office and completed the financial plans for 1929 which year opened with April in this church.

The Young People's Society of St. Andrew's Presbyterian Church held a most enjoyable skating party at the Macleod rink on Monday evening. After the skating the party adjourned to the home of Mrs. James Ringland, who provided the young folks with a delightful supper which, needless to say, was very much enjoyed after their jolly time on the ice. A very happy time was spent by all present, and the hope was expressed that they might have another of the same before the ice goes out.

W. H. SHIELD, MACLEOD, ASKS RECLASSIFICATION LETHBRIDGE NORTHERN

Edmonton, Feb. 11.—A plea for reclassification of lands under the Lethbridge Northern irrigation project and commendation of the government for the inclusion of \$15,000 in the estimates to pay for a survey and reclassification of irrigated lands as a first step towards home relief for farmers in the irrigation districts of the province, was voiced by W. H. Shield, U. F. A. Macleod, who took part in the budget debate Monday night.

Mr. Shield recommended to the government that the reclassification follow that outlined by the department of the interior of the United States, and particularly that referring to water users which recognize that the farmers are the
